ACCESSORIES

Understanding the importance of outdoor learning & play...

At APPS Contracting, we understand the important role outdoor activities have on the development of children. In addition to our variety of shade and shelter solutions, specific to the education sector, we offer a range of accessories to compliment your outdoor space. Our full range of accessories are manufactured within the UK using where possible sustainable materials such as recycled plastic, improving your schools facilities, with durable accessories. Our complete range can be purchased as supply only or installed where required, making it quick and easy to complete your outdoor school project in a hassle-free manner. To find out more, speak to our Product Specialists today on 0330 053 4080 or email info@appscontracting.com
